2012 Prospector's Reserve Pinot Noir

Winemaking Notes

The 2012 "Prospector's Reserve" is a very limited blend of six barrels. They were selected by our winemaker because of unique qualities that, when blended, created a more masculine and intense reflection of our site and the vintage than what is found in the Bayliss-Bower Pinot Noir.

The 2012 Reserve is a blend of the four main clones from the oldest part of the vineyard; Wädenswil, Pommard, Dijon 777 and Dijon 114.

Technical Data

Estate Grown
